STAT

FROM:

[Redacted]  
Deputy Chief, Legislation Division  
Office of Legislative Liaison

SUBJECT: Restriction on Use of Government Vehicles for  
Home-To-Work Transportation: H.R. 3614

1. Attached for your review and comment is a copy of H.P. 3614 which would limit the use of government vehicles for "official use". Under this bill, which was recently passed by the House, only the DCI would have unrestricted use of a government vehicle (section (b) (5)).

2. Perhaps the most troublesome aspect of this bill is found in Section 2(e) on page 6. If enacted into law, this provision would reduce the Agency's flexibility in permitting the use of government vehicles between home and work in the continental United States, even where such transportation is necessary or incident to the performance of duties.

3. Exceptions are made to these restrictions, but only for 15-day intervals and with the certification of need by the agency head (section (b) (7)). Certain other exceptions are made for danger or emergency (section (d)).

3. Last June we commented on a similar draft bill to OMR. A memorandum on that draft bill is included herewith.

4. The instant bill, H.R. 3614, has not been taken up by the Senate. In the event that H.R. 3614 does become active in the Senate, please give us your comments by November 25, 1985.
